WELCOME TO COVENANT HOME SCHOOL RESOURCE CENTER!

Welcome, students and parents, to the 2022-23 school year. Our entire team is looking forward to this upcoming school year and we truly appreciate you entrusting your children to CHSRC as your family takes advantage of some of our workshops, events, testing, and activities.

The CHSRC Student and Parent Handbook is provided to help ensure all students have an excellent learning experience. Parents should use this handbook as a framework for discussing with their child academic expectations, as well as behavior. It is our wish that everyone has a productive, safe, and fun experience at CHSRC.

This publication includes information that families may need throughout the school year, including expectations for student behavior, contact numbers, and other resources. The current version of this CHSRC Student and Parent Handbook can be found online at www.chsrc.org. It will be updated during the year, if necessary.

Thank you for working with us to create a learning environment where everyone is treated with respect and is free to learn and explore new ideas and interests.

Please contact the office should you have questions regarding this handbook.

We look forward to working together with you to prepare your child for an extraordinary year of learning.

Karen Borg, CHSRC Director

Sovereign Grace Bible Church

We would like to thank Sovereign Grace Bible Church for their loving support of CHSRC, as well as, the entire homeschool community. 2021 begins our maiden year at this new location and SGBC has been amazing to work with. We truly feel a sense of community and a shared desire to support parent-led Christian education throughout Arizona.

Please remind your children that each day they go to CHSRC they also go to a church. Everyone is expected to behave with respect for each other, as well as, all adults they encounter on campus.

Campus Safety

- **Supervision of students:** The safety of each child is of the utmost priority. Following the guidelines of SGBC, all students 12 and under need to be supervised at all times. Please make sure your child uses the restroom prior to their scheduled event. Teachers are responsible for supervising students 13 and up ONLY during event time. It is the parents responsibility to make sure their child follows safe and appropriate behavior prior to and after their CHSRC activity.
- **Drop-off and pick-up:** Elementary students may be escorted into their science workshop, by the parent, 5 minutes before start time. At the end of each workshop, elementary students can be picked up at the classroom. Parents of 12 and under IOWA testing students are expected to remain with their child until testing begins (approx. 9:00 a.m.) Please pick up your child promptly. *Late pick-up fees of \$25 per hour (charged in 15 minute increments) may apply.*
- **First aid:** There is a fully stocked first aid kit on site. Mrs. Borg or office staff will administer first aid for minor scrapes. Parents will be notified immediately if health issues or accidents occur.

General Information

- All workshop schedules can be found on the website chsrc.org. *Please mark your calendars with ALL of your registered event dates.* Due to holidays, and other scheduling conflicts, workshop dates may not follow a normal pattern. We do not send workshop date reminders.
- CHSRC requires instructor permission for any student wishing to enroll in a workshop above their grade level. If a student registers without gaining this permission, CHSRC reserves the right to withdraw the student in question if it becomes apparent the material is above their skill or maturity level. No refunds will be made available in this situation.
- Prior to registering, it is the parent's responsibility to inform CHSRC if their child has needs that may affect interaction or require special accommodations. CHSRC may withdraw your student if it becomes apparent the workshop isn't beneficial to your child and/or the other students.

- Because of the considerable prep time required for workshops, please inform Mrs. Borg as soon as possible if your student is to be absent at sciencewithkaren@gmail.com. Workshops are non-refundable. No make up work is given. Testing students may receive 50% refund if cancelled within one week of testing date. No refunds after one week.
- In order to preserve the teaching and learning environment, cell phones and all functions within the cell phone (i.e. cameras and all other applications) are prohibited during workshops and testing.
- Pictures and/or videos may take place during this session that may be used on our website, emails, or social media. If you do not agree, I understand it is my responsibility to inform CHSRC by emailing info@chsrc.org. Include the following info: parent name, student(s) name, and the session dates. Include in the subject "Do not include my student in photos"
